

JOB DESCRIPTION

JOB TITLE: Seasonal Snow Crew Member – On-Call

DATE: 10/26/2017

REPORTS TO: Maintenance Manager

FLSA: Non-exempt

DEPARTMENT: Maintenance

UNION: Non-union

Job Summary

Assists with airport snow removal and other related duties on as-needed basis. Perform duties under the supervision of the Facilities and Maintenance Manager or designee, as assigned.

Essential Functions

- Operates complex equipment in the removal of snow and ice from runways, taxiways, ramps, airfield entrances, and parking lots.
- Responds to snow events within one hour on a twenty-four hour basis.
- Assists with equipment maintenance and cleaning.
- Performs other duties of a similar nature and level as assigned.

Knowledge, Skills and Abilities

- Proper safety techniques in operation of gasoline and diesel powered machinery.
- OSHA and related safety requirements and inspection procedures.
- High mental attention and concentration required in an outdoor environment.
- Identify and communicate potential hazardous conditions.
- Ability to work extended shifts or be called back in emergency situations.
- Medium to high physical effort required with exposure to inclement weather.

Acceptable Experience and Training

High school diploma or equivalent. Experience in the operation of motorized and/or complex heavy equipment preferred. Other combinations of experience and education that meet the minimum requirements may be substituted. Proof of a valid state driver's license is required. Commercial Driver's License (CDL) is beneficial. Must satisfactorily meet and maintain STA and CHRC background check requirements. Eligible to complete AOA driver training.
